

Section I - Product and Company Identification

Product Name: Bioredex™ MegaMicrobes® Liquid
Common Name: Bacterial wastewater inoculant , organic waste digester, microbial drain line, grease trap and septic treatment, natural drain cleaner

Supplier/ Further Information: Bioredex International, Inc.
Address: 2609 Production Road | Virginia Beach, VA 23454
Emergency Telephone Number: 800-553-7785
Microbial Formulation: The product formulation consists of naturally occurring microorganisms.

Section II - Composition/Information on Hazardous Information

Basic Material: Contains no hazardous substances.

Section III - Hazardous Identification

Emergency Overview: Blue liquid, earthy scent
Potential Health Effects: Acute eye: Considered a slight eye irritant
 Acute skin: Not considered to be irritating to the skin
 Acute ingestion: Low order of toxicity. LD50> 5,000 mg/Kg (oral, rat)
 Acute inhalation: Not an expected route of exposure
 Chronic effects: None known.

Section IV - First-Aid Measures
Emergency First Aid Procedures

Eye Contact: Flush eyes with sterile water until irritation subsides or stops. Contact a physician.
Skin Contact: Wash with soap and water
Inhalation: Although not an acute hazard as tested in rates, chronic effects are unknown. Upon prolonged or repeated respiratory exposure, contact a physician.
Ingestion: Low order toxicity. Upon ingestion, induce vomiting and contact a physician.

Section V - Fire-Fighting Measures

Flash Point (Method Used): N.A.
Flammable Limits: LEL N.A. UEL N.A.
Extinguishing Media: N.A.
Special Fire Fighting Procedures: None
Unusual Fire and Explosion Hazard: N.A. in liquid state

Section VI - Accidental Release Measures

Steps to be taken in case material is released or spilled: No Hazard. Wash away with plenty of water.

Section VII - Handling and Storage

Store at room temperature. Protect from freezing.

Section VIII - Exposure Controls/Personal Protection

General Precautions Treat as you would any chemical or biological material. Wear protective water resistant gloves and safety shields if appropriate to specific application
Specific Precaution: This product is not intended for human or animal consumption.

Section IX - Physical and Chemical Properties

Boiling Point (°F): 212 (760 mm Hg)(Approx.)
Specific Gravity : 1.0 (Approx.)
Vapor Pressure (mm Hg): 24.00 (Approx.)
Percent Volatile by volume (%): N.A.
Evaporation Rate: N.K.
Solubility in water: Soluble
Appearance and Odor: Blue color / earthy scent

Section X - Stability and Reactivity Data

Stability:	Stable
Incompatibility:	N.K.
Hazardous Decomposition Products:	This product does not undergo spontaneous decomposition. Typical combustion products are carbon, carbon dioxide, nitrogen and water.
Hazardous Polymerization:	Will not occur.

Section XI - Toxicological Information

Toxicology

Acute Studies

- Rat oral LD₅₀ is greater than 5 g/Kg of body weight; as evidenced by no observed mortality after rats were dosed with 5 g/Kg at a concentration of 500 mg **MegaMicrobes Liquid**/ ml of water and a dose volume of 10 ml/Kg of body weight.
- Rabbit dermal LD₅₀ is greater than 2 g/Kg of body weight; as evidenced by no observed mortality after rabbits were exposed to test material applied to abraded and non-abraded occluded skin for 24 hours. No severe dermal effects were reported at the dose site.
- Eye irritation in rabbits was reported as slight. Highest observed scores out of a possible score of 110 were:
1 hour: 12; 24 hours: 8; 48 hours: 4; 72 hours: 4; 4 days: 2;
7 days: 2;
10 days: 2; 14 days: 2
- Rat inhalation of the test material at an average analytical exposure concentration of 1.2 mg/l of **MegaMicrobes Liquid** (nominal concentration of 37 mg/l) for 6 hours produced no mortality.

Chronic Health Hazards

- Although chronic studies using **MegaMicrobes Liquid** are not available, inhalation of this product should be prevented due to unknown long-term effects.

Special Notes: Not for human and animal consumption.

Section XII - Ecological Information

Acute aquatic toxicity LC50	Fathead Minnows
Not toxic at 100%	

Section XIII - Disposal Considerations

Waste Disposal Method: Use normal liquid waste methods in conformance with pertinent federal, state, and local regulations.

Section XIV - Transportation Information

Proper Shipping Name:	Not regulated.
Specific Information:	None.

Section XV - Regulatory Information

Workplace Classification: This product is considered non-hazardous under the OSHA Hazard Communication Standard.

SARA Title 3:	None.
TSCA Status:	Listed.
RCRA Classification:	Unknown.
CERCLA reportable quantity:	None Listed.

Section X - Regulatory Information

Notice: The information given and the recommendations made herein apply to our product(s) alone and not in combination with any other product(s). Such information and recommendations are based on our research and on data from other reliable sources and are believed to be accurate but no guaranty of their accuracy is made. In every case we urge and recommend that purchasers before using any product make their own tests to verify this data under their operating conditions and to determine to their own satisfaction whether the product is suitable for their particular purposes.

THE PRODUCT(S) DISCUSSED HEREIN ARE SOLD WITHOUT ANY WARRANTY AS TO MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR ANY OTHER WARRANTY, EXPRESSED OR IMPLIED.
